

Bearing Fruit in Manaus, Brazil

Last year in Manaus, we witnessed something beautiful -- God moving powerfully through a group of women we met at one of our events. Today, we're honored to share their story with you.

Their testimony is authentic and inspiring. It's a glimpse of how lives are being transformed, faith is deepening, and lasting fruit is being borne in meaningful ways. What began as a simple gathering has grown into ongoing discipleship, encouragement, and Kingdom impact.

We invite you to be encouraged by their journey.

Stories like this don't happen in isolation. They are made possible through faithful monthly partners who invest in this ministry. Ongoing support allows us to travel to speak at events, develop and translate resources, mentor women personally, and provide follow-up long after a single gathering ends.

Our goal for 2026 is to raise \$2,200 in new monthly support from individuals and \$12,500 in new annual support from churches so we can continue investing in women like those in Manaus and continue to expand this work.

Would you prayerfully consider becoming a [monthly partner](#)? Your faithful monthly support helps ensure that transformation continues and that women are equipped and strengthened in Christ.
