

One Fruitful Multiplication Story

Christian sisters from **Manaus, Brazil**, attended our **City-Wide Ladies' Day** on Saturday, April 5, 2025. Before the event, these four women wondered how they could encourage the women in more **remote Amazon regions** where men rotate the preaching.

Inspired by what they learned and empowered to be equipped through their own **small group Bible study**, a total of seven women gathered to study **Chamada a Escutar** (Called to Listen).

Writing what they heard on
butcher paper that lined the table

Each of these women is dedicated to **starting her own new small group, multiplying the impact** from their first introduction to our biblical equipping resources to many more small groups in the future.

Final meeting, sharing what they
most treasured through the study

Will you help us multiply our efforts to bear fruit by equipping more women to connect to God and one another more deeply across the Americas?
